

## *Fundraiser* *Support our Troops in Afghanistan*

1. The funds are deposited into a **“Material Assistance to Afghanistan Trust Fund”**;
2. These funds are then used to a specific project or need;
3. The donor organization would always be advised as to how their donation would be spent;
4. A follow-up letter of thanks with pictures would normally be sent back to the donor organization.

### **For example:**

Recently the students of Windsor Elementary in Nova Scotia completed their fund raiser for the children of Afghanistan.

They wanted the money to go towards the purchase of school supplies for the children over there. At this time, the Canadian Branch of Give Children a Chance had not been set up yet, and an alternative was suggested:

Currently there are 11 children living in the Kandahar Prison with their mothers.

The mothers are in prison for "moral" crimes which would not be considered crimes in our culture. Nevertheless, the children are there with their mothers.

With other charitable dollars, we hired a teacher to educate the mothers and an assistant to provide daycare and early childhood education training for the children while their mothers are in class.

### **The following is what was proposed for the money that the students raised:**

Provide a small daily food supplement of milk, fruit and bread for the children while they are in daycare.

The Kandahar Provincial Director of Education would administer the funds and believes that an amount such as this would help the children for a year.
